YIP - Student's Achievements

The NASC Young Innovative Program cell was established in September 2021, with Dr. Udaya A, Dr. Athira K M, and Shine Raj S N serving as coordinators. These participants were encouraged to submit innovative ideas addressing real-life challenges. In 2021, 184 students registered for the YIP program. Twenty-five ideas were submitted, out of which five ideas were selected at the preliminary stage. One idea was chosen as the district-level winner, receiving a prize of Rs. 25,000. This achievement not only highlights the exceptional capabilities of our students but also underscores our institution's commitment to fostering innovation and excellence among the youth.
